The Honorable Rosa DeLauro  
Ranking Member  
Committee on Appropriations  
1036 Longworth HOB  
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro,

I am requesting funding for the Central Utah Multi-County Public safety equipment and technologies project, Richfield, Utah, 2nd District in fiscal year 2026. The entity to receive funding for this project is Sevier County Sheriff's Office, located at 835 E 300 N Ste 200 Richfield, UT 84701. The funding would be used for patrol vehicles with proper in-car cameras, personal protective equipment and technology, thermal imaging, digital cameras, and optical equipment. The project is an appropriate use of taxpayer funds because it will assist the sheriff's offices in Piute, Millard, Wayne, and Sevier Counties in their efforts to provide better public safety and critical lifesaving services, including search and rescue. The counties involved in this project are rural and frontier counties surrounded by federal lands and are all long distances from state and federal assistance.

The project has a Federal nexus because the funding provided is for purposes described in Section 501 of the Omnibus Crime Control and Safe Streets Act of 1968 (34 U.S.C. § 10152).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Celeste Maloy  
Member of Congress
